

2023 GRADUATE CERTIFICATE OF PERIOPERATIVE MEDICINE M4029

DEPARTMENT OF ANAESTHESIOLOGY AND PERIOPERATIVE MEDICINE

OVERVIEW

The Graduate Certificate of Perioperative Medicine provides you with the knowledge and skills to deliver perioperative care as part of a multidisciplinary team.

Our course prepares you to apply perioperative medicine principles to patients with complex, chronic and acute medical conditions requiring surgical interventions.

You'll learn how to create and implement evidence-based perioperative management plans in your workplace, understand risk and optimise care for your patients during the perioperative period.

This course may be used to lead into the Master of Perioperative Medicine M6033.

WHO THE COURSE IS AIMED AT

This course is recommended for medical practitioners who manage patients in the perioperative period, and those who want to improve practice in this area.

- Anaesthetists
- Intensivists
- Physicians
- Surgeons
- Pain Specialists
- Emergency Physicians
- General Practitioners

COURSE STRUCTURE

24 credit points of perioperative medicine core studies.

You need to complete your choice of TWO units from:

- POM5101 - Perioperative Medicine and Cardiorespiratory Disease Semester 1
- POM5102 - Acute Perioperative Care Semester 2
- POM5103 - Perioperative Medicine and Co-Existing Conditions Semester 1

ENTRY REQUIREMENTS

- An Australian Bachelor of Medicine, Bachelor of Surgery (MBBS), or Doctor of Medicine (MD) degree, or international equivalent recognised by the Medical Board of Australia or deemed equivalent by Faculty.
- Two years completion of clinical hospital medicine.
- Meet English Language Requirements.
